

# Supervisor Tips & Skills Series

Supervisor Training specifically designed to address the skills, knowledge and abilities required of supervision.

## Diversity Management for Supervisors

In this 4-hour workshop, gain an understanding of what encompasses diversity, recognize how your own cultural identity and biases manifest themselves in your interactions with others. Through a mix of group activities and discussions, evaluate the importance of understanding identity, prejudice, biases, and privilege. You will also develop skills for moving “awareness” and “knowledge” forward.
